

Nonstop Summer Flight from Houston to Yampa Valley Regional Airport Announced

STEAMBOAT SPRINGS, CO- April 6, 2023 —Beginning June 2, United Airlines will operate summer nonstop service from Houston Intercontinental Airport (IAH) into Steamboat/Hayden Airport (HDN) on United Express for the first time since 2018. SkyWest will operate the flights on E175 aircraft on weekends through September 3.

The United Express nonstop summer flights will be offered from Houston two times a week directly into Steamboat Hayden airport in the evenings on Fridays and Saturdays and outbound flights will operate from Steamboat/Hayden Airport to Houston in the mornings on Saturdays and Sundays. The Houston airport offers convenient connections to many other domestic and international markets.

The summer service is made possible through a strong longtime working relationship between the Steamboat Ski & Resort Corporation (SSRC) Airline Program and United Airlines. SSRC partners with the Local Marketing District (LMD) to secure and fund flights in both the winter and summer seasons. Daily flights on United Airlines operated by SkyWest from Denver International Airport (DEN) on E175 aircraft will be available two to three times daily. Additionally, Southwest Airlines will offer one flight per day on the 737-7 mainline jet from Denver into Steamboat/Hayden which is now available to purchase for travel April through November 4.

Steamboat/Hayden Airport (HDN) is located just 22 miles/35 kilometers from Steamboat Springs. Summer nonstop flights on United Airlines from Houston will be available in booking systems beginning on April 5 and can be booked along with packages through Steamboat Central Reservations at 1-800-922-2722 and online at www.steamboat.com.
